Aleppo Red SC163

THESE beautifully painted early 17th century panels were found in a grand house in Aleppo. They are of Persian and Ottoman inspiration. Our version uses very special patinas which gives the whole decor a unique character. There are also many additions we created in the medallions which originate from 13th to 17th century miniatures. This design is available in both Standard and Custom options, and is available with matching Borders, Wainscotings, Ceilings and Background panels.
