Eastern Eden SC121

THIS is a very beautiful example of early Tree of Life design wallpaper made for the East India Company who sold it to the great houses of Europe. It was painted circa 1800 in the region of Canton. Discovered in a chateau in France, we scanned the original from the walls and restored the Decor, with Dimonah completing the missing sections from the doors and windows. This design is available with matching Wainscotings, Ceiling, and Background panels. A large section of Eastern Eden cs71 Turquoise is also in our Furnishing Fabric collection, printed on double width linen.
