Edo Wisteria

SC110

Edo Wisteria is a wonderfully modern design although it originates in 17th Cent. Japan. There is an almost calligraphic quality in the treatment of the gnarled bark. This contrasts with the delicate bunches of wisteria blossom. Although it was originally designed as a screen, we have made it into a wallpaper. You may order it as a custom item with margins for stretching and printed on canvas so it can be mounted as a folding screen or vertical decorative panels.
