Livia's Garden

SC142

FOR years it has been our dream to restore and repaint the wonderful fresco of Livia's room at Palazzo Massimo alle Terme in Rome. This is a highlight of the roman fresco: a particularly touching scene of nature as well as a glimpse into the private experience of the garden in Latin culture. We recreated it entirely based on a detailed pictorial study and our understanding of Roman painting. The result is a personal new version of Livia's Garden. Certainly much more complete than the fragmented original.
